

CISAA/OFSAA STUDENT-ATHLETE COMMITMENT LETTER

A strong commitment is needed for a player to be a member of any school representative team. Players are often selected not just on the basis of ability, but also on attitude, coachability and overall contribution to the team. While it is understood that many student-athletes have outside commitments, each player on the team is expected to participate in OFSAA Championship play should the team be successful in earning the right to represent their school at OFSAA.

As an Association, the CISAA is committed to representing our schools at OFSAA Championships. As such, each school must declare at the beginning of each sport season, which teams they are willing send to OFSAA, should they earn the right to attend. In order for each school to accurately declare their commitment, players are required to sign this letter confirming whether or not they will attend and return it to their coach.

Student-athletes must understand that their school will either commit to, or decline the opportunity to attend the respective OFSAA Championship based on the responses of the student-athletes involved. This declaration once made is firm. A team that declares its intention to participate and which later withdraws from the event will face sanctions from OFSAA and the CISAA. These sanctions can include any or all of the following: letter of reprimand, fine, payment of costs, team or school probation, team or school suspension.

Please see the information below as it pertains to your teams OFSAA opportunity and complete the form accordingly. (please print)
